

**CLUB NOTICE – RE ENGLAND ATHLETICS STATEMENT REGARDING
CLUB TRAINING AND COMPETITION**

We are pleased to say that, despite the recently announced government guidance that relates to numbers allowed to meet socially, England Athletics have made it clear that this should not affect running clubs in training and competition where correct protocols are being observed.

Morpeth Harriers will therefore continue with the return to training from the clubhouse begun last week.

We trust all members will make sure that they continue to follow the strict guidelines in place to enable this to happen.

Can we remind all athletes and parents to contact their coaches in advance of training sessions.

Please click on the link below, to read the latest England Athletics guidelines.
